

PURPOSE:

# Take control of your culture.

Get clarity on how to get best bang-for-buck with our free Culture Navigator.

Culture is abstract and complex.

It's normal to feel unsure on where to spend your time, energy, and budget.

Our Culture Navigator makes culture tangible.

A free diagnostic tool that assesses your strategy for managing culture. It's been built using a powerful mix of academic research and our insight into how over 100 other organisations manage culture.

By completing, you can:

**Evaluate your current approach.**

Assess your organisation's maturity against three areas of culture management.

**Understand your options.**

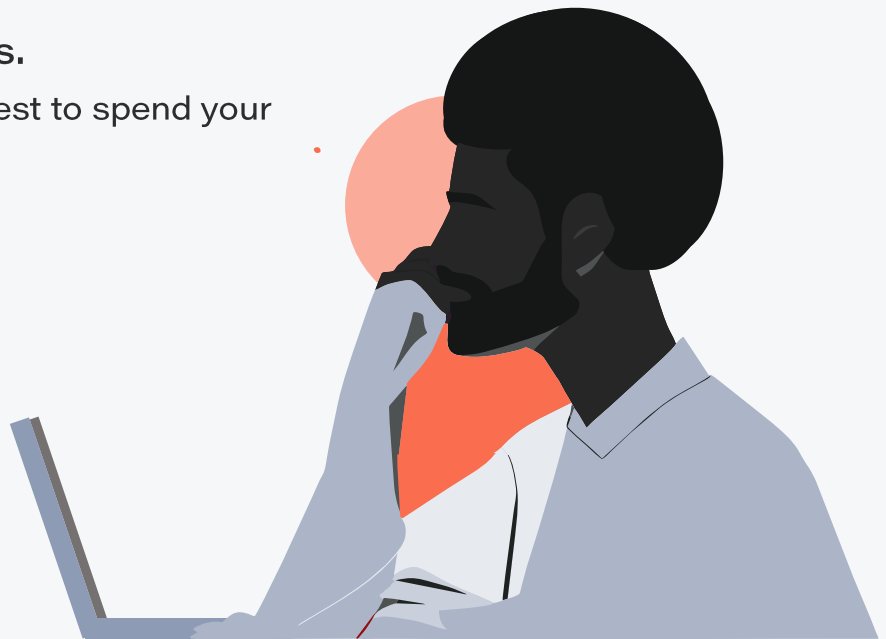

See your options for managing culture and what other organisations are doing.

**Identify where to focus.**

Gain direction on where best to spend your time, energy, and budget.
